#### A Note From the Teacher:

I hope you had a wonderful Thanksgiving. Last week was a short week so there is not as much in the parent folders. December is going to be a busy month. We are busy preparing for our Christmas concert which will be recorded on Thursday the 10<sup>th</sup>.

This week we introduced the 8 subtraction family. Please add these flashcards to your stack. In math we also worked on counting money with combinations of dimes, nickels, and pennies. In phonics we are working on dividing words into syllables and sounds from Chart 9.

We have been working very hard at reading this week. I have noticed that many students are struggling to read fluidly. Please continue to practice reading at home. I recommend that they practice reading their assigned pages twice to themselves before they read it to you. This added practice will help develop fluidity.

**Please look over the items in your student's folder then sign the space for week 14 on the inside of the folder.**
